

Cruising the Sea of Japan!

June 4-14, 2026

Welcome to Japan! A land of intriguing contradictions. This archipelago nation is made up of more than 14,000 islands with three quarters of the land being either forest or mountains, leaving little for residential, industrial, or farming areas. Its leaders have ranged from the samurai to the shogun to the emperor. Join Jeanie's Journeys on a circle cruise around Japan - with a stop in Korea. Japan awaits with open arms! Join us!

dress up a little this evening and maybe out go out for a little dancing or show after dinner.

June 8 | Nagasaki, Japan

For most travelers, Nagasaki is a symbol of the horror and the inhumanity of war. An estimated 75,000 people perished in 1945 when the city became the second target of a nuclear attack. Today, Nagasaki's Peace Park and Atomic Bomb Museum draw visitors from around the world. But this beautiful city on Kyushu offers other sights. Often described as the San Francisco of Japan, the city occupies verdant hills surrounded by a deep-water bay. For three centuries, Nagasaki was Japan's sole window on the world. The city is also celebrated as the setting for Puccini's opera "Madame Butterfly."

June 9 | Busan, Korea

The second largest city in South Korea, Busan is your gateway to a fascinating land whose culture is a unique amalgam of old and new. Modern high-rise towers dwarf ancient Buddhist temples. The city's bustling business district offers a stark contrast to the serene grounds of Yongdusan Park. In short, Busan is a microcosm of South Korea, a nation whose startling economic success often obscures one of Asia's most sophisticated and venerable cultures. Busan was the scene of bitter fighting during the Korean War. The United Nations Memorial Cemetery marks the final resting place for the troops from 16 nations who gave their lives during the conflict.

June 10 | Sakaiminato, Japan

Wedge between sea, sky and mountains, this small fishing port has been esteemed for centuries for its superb seafood. Here, the Sea of Japan yields up both crab and hon-maguro, the prized Bluefin tuna esteemed by gourmets around the world. Sakaiminato is also your gateway to a very ancient region of Honshu. West of the city lies Izumo-taisha, one of the oldest and holiest shrines in Shinto. This area is dotted with burial mounds from Japan's Bronze Age. The town of Matsue boasts the celebrated "Black Castle," a six-story, black-walled castle that home to a clan of the mighty Tokugawa dynasty that ruled Japan for over 250 years. And to the east rises the great snow-capped summit of Mt. Daisen, considered one of the four most scenic mountains in all Japan. Also a common sight ashore are the Yokai - approximately 100 bronze statues of supernatural characters as imagined by famed manga comic author Shigeru Mizuki, who was born in Sakaiminato. The Yokai have become synonymous with the town and delight visitors at every turn.
